

# Setting up a Thinking Classroom in 2020

With  
**Kym Brown**

*Kym currently works as an Education Consultant with his company "Futurity Learning" He has worked as a Principal, Teacher, Curriculum Consultant and Writer both here in the Department and overseas. He brings a passion for learning and the importance of creating "powerful learners", as well as an outstanding breadth of knowledge about a broad range of learning research to any session he runs.*

**In 2020, do you want the children and students you work with to be deep, agile thinkers? Do you want them to enjoy the challenge of thinking deeply and independently about what they are learning? If you want to set up a learning space that drives the development of powerful thinkers – then this is the session for you!**

**Thinking comes naturally to all learners, but only systematic, purposeful thinking can help children and students become truly powerful learners. If NAPLAN results have taught us anything, it is that for learners to achieve in the highest bands of achievement, their ability to think – to infer, analyse, synthesise and resolve complexity – is critical**

**Monday 16<sup>th</sup> March, 9-3pm**

**Education Development Centre, 4 Milner Street, Hindmarsh**

**COST: \$132 inc GST per person (\$110 if you have more than one from a site)**
